TOLPUDDLE VINEYARD

COAL RIVER VALLEY

Located about a 20 minute drive from Hobart, in Tasmania’s south-east, the Coal River Valley has established a reputation for growing exceptional quality grapes. With a climate that is at the cool extremes for viticulture, it is no surprise that Chardonnay and Pinot Noir perform so splendidly.

An anomaly for such a cool climate is that the rainfall is significantly lower than many of Australia’s other cool climate regions, with an average of approximately 500mm of rain per year. This cool but relatively dry climate allows the grapes to ripen slowly in autumn, without the disease pressure that rain can bring, resulting in grapes of great aromatic intensity.

TOLPUDDLE VINEYARD

Tolpuddle Vineyard is an outstanding site within the Coal River Valley region. Planted in 1988 solely to Chardonnay and Pinot Noir, the vineyard takes it’s name from the Tolpuddle Martyrs, whose “reward” for starting England’s first agrarian union was to be transported to Tasmania as convicts.

The vineyard is on a gentle slope, north-east facing. The soil is light silica sands over sandstone, and of moderate vigour, ensuring well-balanced vines.

Since acquiring the vineyard in 2011, Martin Shaw and Michael Hill Smith have invested heavily in improving all aspects of the vineyard, including soil improvement, conversion to cane pruning, trellis modifications, frost protection and clonal improvements. They are fully committed to seeing it recognised as one of Australia’s great single vineyard sites.

2018 VINTAGE

Mild conditions in spring saw nicely balanced shoot development leading up to flowering. Then some warmer weather in early summer meant that the vines were tracking slightly ahead compared to average. Slow and even ripening then followed, with dry conditions resulting in excellent flavour concentration.

2018 TOLPUDDLE VINEYARD PINOT NOIR

This wine is true to the Tolpuddle Vineyard Pinot Noir style: intensely aromatic, medium bodied with savoury spice notes, along with purity of varietal expression, fresh acidity and ripe tannins. The grapes were all hand-picked and fermented as a combination of whole berries and whole bunches, in open fermenters, with gentle plunging.

The wine was aged in French oak for nine months, of which about one third was new.

Ideal serving temperature: 16–18°C

Will repay careful cellaring for up to 12 years.

Food match: Duck of course!
